Resolution Bill
S.B. R-002

UNIVERSITY OF CINCINNATI UNDERGRADUATE STUDENT SENATE

Concerning Undergraduate Student Senate Support for the continued success of the CEAS
Tribunal Career Fair

1 Whereas the constitution of the Student Government of the University of Cincinnati was
established “in order to represent our interests and opinions, provide for the government
of student organizations, and promote the general welfare of the student body,” and

2 Whereas the UC 2019 operational principal of learning is focused on building “rigorous
learning experiences that will integrate theory and practice, produce a sense of
contextual complexity and community engagement, and create learning that is
exceptionally self-directed, integrative and transformational,” and

3 Whereas the CEAS Tribunal Career Fair is independently owned and operated
completely by students and provides an incredible self-directed and experiential learning
experience, and

4 Whereas the student run CEAS Tribunal Career Fair is unique not only in its educational
benefits to students, but also for the way in which it instills in our corporate partners a
positive impression of UC students for their ability to independently operate such a
successful event, and

5 Whereas the student run CEAS Tribunal Career Fair is one wherein students
independently handle the recruiting and registering of companies, all logistics
including but not limited to location, layout, food, and marketing, have financial
control over both revenue and expenses of the event, and have control over matters
of collaboration and integration with other student groups and University
departments, and

6 Whereas the privilege to sponsor such an event is bestowed to every registered student
group at the University of Cincinnati as detailed in Section 3361:40-03-01, Subsection A,
Paragraph 2 of the University of Cincinnati Revised Code, and

7 Whereas CEAS Tribunal has been operating the largest career fair at UC for over 17
years while in recent years attempting to share this gained knowledge to help and grow
other tribunals, and

8 Whereas employer feedback from the CEAS Tribunal Career Fair has repeatedly shown
that this college specific fair is both a direct benefit for its recruiters and has increased
success in hiring UC students, and

9 Whereas the student run CEAS Tribunal Career Fair provides a great opportunity for UC
students to obtain both co-op and full time jobs, and

10 Whereas these opportunities for both jobs and experiential learning are provided to
students at absolutely no cost to the University, and
Whereas the proceeds from the student run CEAS Tribunal Career Fair is directly invested into the student experience with such programs as EWeek, Engineering Luau, the Freshman Education Leadership Development Program, and scholarships for current CEAS students;

Therefore be it resolved that the Undergraduate Student Government supports the continued operation and success of the student run CEAS Tribunal Career Fair.
